**About DDHC**
Our Developmental Disabilities Health Center (DDHC) focuses on providing exceptional healthcare for adult patients (18 years and older) who have a Developmental Disability. At DDHC, adults with Intellectual and Developmental Disabilities (I/DD) receive primary healthcare, psychiatrics services, comprehensive behavioral health services and referrals to specialty care providers – all with care coordination and all customized to the needs of people with I/DD.

DDHC is recognized internationally as an innovation in healthcare, and was awarded by The Arc of the Pikes Peak Region in 2011 as an exceptional model.

**Referrals**
Should you require specialty care, we are happy to refer you to our Volunteer Specialty Center and other qualified community providers.

When referred to an outside specialty provider, a case manager will contact you regarding your referral by phone or mail. Please ensure we have your correct contact information on file.

**Please Note:** most referrals take up to two weeks or more to process. Some specialty providers have a waiting list up to six months. We greatly appreciate your patience.
